

## Environmental Policy Statement

Generate Upcycle, LLC (together with its subsidiaries and subsidiaries of Generate Upcycle UK AD Holdings Limited, collectively, “**Generate Upcycle**”) is committed to Environmental Protection in both the natural and social environment.

Generate Upcycle is fully committed to continual improvement to enhance our environmental performance, through constant review. This environmental policy statement is applicable to all areas of our business and has been implemented to support our environmental corporate stewardship.

It is our Policy to:

- Prevent pollution.
- Protect the environment in all aspects of our business and ensure due diligence.
- Recycle / reuse materials wherever practical.
- Minimise environmental impact, for the life cycle (including disposal) of all plant, equipment, and other physical assets under our control.
- Comply with legislation, regulations & other applicable standards, and codes (our compliance obligations).

Generate Upcycle will, on an as-needed basis, consult with state, county, municipal, provincial, and federal government bodies, enforcing and regulatory authorities, and specialists to seek advice and assistance towards achievement of our environmental program to its full potential. Generate Upcycle will comply with regulations, legislation, codes of practice and other requirements associated with the company and its’ operations. Where no laws, regulations or codes of practice exist, Generate Upcycle will develop its own standards to allow for best practice.
